Dear Colin

INTERPRETIVE & DIRECTIONAL SIGNS – COAL LOADER PROJECT

I would like to express my sincere thanks for the excellent job Central Signs did on the fabrication and installation of the signage at The Coal Loader, Waverton.

The signs all look great and were installed on time and on budget despite the very tight project timeframe and the complex array of sign types and installation scenarios. The signs received many favourable comments during the recent project launch.

I also appreciated Central Signs expert guidance and attention to detail, particularly at the workshop drawing stage, and patience and thoroughness of your installation crew.

The staff Central Signs are very accommodating and pleasant to deal with, which in turn makes my job a lot easier.

I look forward to working on future projects with you should circumstances permit.

Kind regards
