

Our history, our business

Central Signs have been manufacturing quality architectural signage since 1973.

Our Project Managers have the objective of obtaining a reference on every completed signage project. It is one of their key performance indicators and keeps them focused on satisfying YOUR REQUIREMENTS.

But don't take our word for it, ask for clients you can talk to who will vouch for our professionalism and product quality.

Each of our team responsible for General Management, Marketing, Design, Estimating, Production and Installation have a minimum of 21 years direct involvement in the sign industry.

Again don't take our word for it, ask for details of signage projects that have stood the test of time. Our materials and finishes are selected to last and not rust, or fade, or delaminate, or buckle. You are welcome to inspect any of our completed signage projects including award winning projects.

We are experienced in all aspects of signage and its intended purpose for projects such as:

- | | |
|--|---|
| Airport, Rail and Bus Terminals | Architectural and Entrance Statements |
| Directory, Braille and Tactile Systems | Educational Institutions |
| General Wayfinding Systems | Heritage, Interpretive and Park Signage |
| Hospital and Aged Care Facilities | Industrial Identification and Safety |
| Roof Top Identification | Sporting Venues and Retail Centres |

The Unique the Complex and those that push the boundaries.

Our personnel are qualified to work on all government and private construction projects. The backbone of our operations is our Quality Assured Operating System. We comply with OH&S, Environmental and Equal Opportunity requirements.

Our manufacturing and installation teams consist of tradesman skilled in producing quality products from specified materials using proven methods to achieve the design required.

Our financial stability is supported by the Commonwealth Bank of Australia. Since 1973 the bank has supported us in our endeavours providing guarantees for clients while we have fulfilled substantial contract agreements.

We provide prompt courteous service on a small urgent job or a very large project.

That's us! Shouldn't you try us?
