Dear John,

Re: Sydney Casino Project

Just a short note to thank yourself and Central Signs for an outstanding job on the Casino. The restaurant and bar signs were a complex package with every one different and intricate in it's own way. The end product is a great credit to Central Signs.

Aligned with the quality of workmanship was a very professional approach to the job. It was completed in an extremely short time frame with the minimum of fuss. There was also a sympathetic understanding of the importance of the key design features of each sign which were faithfully translated into reality!

We look forward to working with you on our next project.

Yours Faithfully
