Dear John

I would like to extend my thanks to you and your company for the excellent job you did with the recent installation of signage on the upper campus of the University.

You were working to an almost impossibly tight deadline to complete the job prior to the official opening of the Michael Birt Gardens. I am pleased to report that all was in order on the day and the completed signs looked very crisp. The signs provided the finishing touch to an important and highly visible project.

I was particularly grateful to the two fixers who installed the signs in a very careful and professional manner. On other occasions and with other contractors, I have had to arrange for a clean-up to be made after the fixers had left the site. On this occasion the sites were all left in a meticulous condition and that was very much appreciated.

Once again my thanks for a job well done and Season's Greetings to all of the staff at Central Signs.

Yours faithfully

Geoffrey Leeson
